TEMPERATURE & PAIRING

Serve at a temperature between 15 and 17 °C

Pairs well with red meat dishes, rich Portuguese tapas and baked lasagne. Will go well with venison as well as traditional Mediterranean meat roasts. Pairs well with cured cheeses. The silky tannins and fruit-forward style make it well suited to have it in winter by the fireplace.

Jorge Gonçalves completed a Master's Degree in Economics only to discover that what he really wanted was to make wine. Switching direction, he first started working at the well-known German Pinot Noir producer, Meyer-Näkel, in 2006, gaining his first practical wine knowledge in the Ahr wine region. During an internship at Stark-Condé in South Africa, the idea for a Portuguese project was born. After finishing his degree in Viticulture and Enology at Geisenheim in Germany, Jorge jumped straight into the Portuguese venture, searching for regions and varieties that can produce exciting, fruit forward, modern-styled Portuguese wines.
